

A Rainbow of Riddles

Animals come in all the colors of the rainbow – red, orange, yellow, green, blue, and even purple.

Pretend you are a red animal. Using the model below, write a riddle that explains how your color helps you survive in your habitat. Then write riddles featuring orange, yellow, green, blue, and purple animals.

Can your friends solve your riddles?

I _____(verb) in the _____(noun).

I use my _____(color and body part) to _____(attract/warn/hide).

I live in _____(habitat) on the continent of _____.

What am I?
